

Product Information Sheet

Trade Mark	AEG
Model	T7DEE835R
Rated capacity	8 kg
Air vented, condenser or gas-fired tumble dryer	Automatic tumble drier or non-automatic tumble drier
Energy efficiency class	Class A+
Energy consumption in kWh per year, based on 160 drying cycles of the standard cotton programme at full and partial load, and the consumption of the low-power modes. Actual energy consumption per cycle will depend on how the appliance is used.	309 kWh / year
Automatic tumble drier or non-automatic tumble drier	Automatic
EU Ecolabel	-
Energy consumption of the standard cotton programme at full load	2.6 kWh
Energy consumption of the standard cotton programme at partial load	1.38 kWh
Power consumption in off-mode	0.5 W
Power Consumption in left-on mode	0.5 W
Duration of the left on mode	10 min
Standard drying program used at full and partial load to which the information in the label and the fiche relates, this program is suitable for drying normal wet cotton laundry and it is the most efficient program in terms of energy consumption for cotton	Cotton
Weighted program time of the 'standard cotton program at full and partial load'	135 min
Program time of the 'standard cotton program at full load'	179 min
Programme time of the 'standard cotton programme at partial load'	102 min
Condensation efficiency class on a scale from G (least efficient) to A (most efficient)	Class B
Average condensation efficiency of the standard cotton programme at full load as a percentage	81 %
Average condensation efficiency of the standard cotton programme at partial load as a percentage	81 %
Weighted condensation efficiency for the 'standard cotton programme at full and partial load'	81 %
Sound power level in dB(A) re 1 pW	66 dB
Built in appliance Y/N	No
