Warranty - 10 years parts and 1 years labour

H-DISH 500

The NEW Hoover H-DISH 500 is capable to perfectly wash, sanitize and dry any kind of kitchenware, even the most delicate. It is powered by the innovative Active Hygiene Protection system: a powerful treatment which sanitizes your dishwasher as well as your dishes removing up to 99,9% of Virus and bacteria.

MORE SPACE, IMPROVED PERFORMANCE

The new H-DISH has the most spacious TUB in the market (in STD size), providing maximum space for your kitchenware, even the largest items.

OPTIMIZE THE LOAD

Just tap H-DISH on your hOn app and take a picture of the dishwasher basket. The app will automatically recognize the amount, type, material and position of your dishes and will advise you on how to optimize the loading while suggesting the most suitable washing cycle.

EXCELLENT PERFORMANCE

H-DISH is powered by the new SPEED-DRIVE INVERTER, the most innovative and durable brushless motor able to increase the cleaning performance while reducing energy consumption.

DELAY START

H-DISH gives you the chance to delay the start time of the wash cycle. You can set the program to start with a delay up to 24h

HYGIENE

New Hoover H-DISH is powered by the innovative Active Hygiene Protection system: a powerful sanitized treatment on baskets and major plastic components, boosted by high cycle temperatures (> 65°) enabled by the dedicated Active Hygiene button.

TOUCH CONTROL

A dishwasher that talks to you in 25 languages through scrolling digits. The text-display with touch control is so easy to use and intuitive that let you forget the manuals.

RAPID CYCLES

A perfectly washed half load in 49 minutes, cutting down on energy consumption.

Total Care

TH-DISH is equipped with the new Total Care+, a specific set of accessories that ensure the maximum care ever. The dedicated rubber coated supports take care of your most precious and delicate items like crystals, wine glasses and more.

POWER WASH - FOR EXCELLENT RESULTS

The Power Wash system is ideal for cleaning the dirtiest pots and pans. With an additional six water jets, it rotates and significantly increase the water flow, ensuring better cleaning. T

CONSERVE ENERGY - SAVE MONEY

Thanks to the combination of the new innovative and high-performing Inverter

Motor and its energy saving washing system, your new dishwasher can reach up to C new Energy Class.

ADDITIONAL SPACE

Smart Basket is now equipped with new foldable racks, which enables you to pull them up or down to gain more space for your dishes in the most clever way.

LADLE HOLDER

The new holder is designed to perfectly hold bread knives, ladles and other long items in the smartest way possible.

NATURAL DRYING

Automatic door opening system can be selected on all the washing cycles of the new Hoover H-DISH. During the drying phase, the door will automatically open a few centimetres, enabling the air to circulate allowing the natural drying of the dishes. The duration of the selected cycle will change allowing temperature optimization during the rinse phase and providing a significant reduction in energy consumption.
